CPO 80 TENOVA MANG – Mystic Spear

Project Summary

SOFWERX, in partnership with USSOCOM and funded by the Department of War (DoW) Chief Information Officer (CIO), executed a pilot cyber conversion training program supporting the Maryland Air National Guard 175th Wing's transition to a new reserve cyber mission. The effort developed and delivered a tailored cyber training curriculum, including training needs assessments, gap analysis, and modular instruction focused on defensive, offensive, and mission assurance cyber operations to strengthen operational cyber readiness.

Project Timeline

Notice to Proceed: 12 September 2025
Project Kickoff: 12 September 2025
Pilot Training Modules: 19 December 2025
Evaluations / Feedback: 16 January 2026
Project Closeout: 16 January 2026

Resources Consumed

Total Cost: $630,360

Project Results

The project successfully delivered a tailored cyber training curriculum, conducted instructor-led and hands-on training for Maryland Air National Guard personnel, and improved mission-specific cyber competencies across the pilot cohort. The effort established a scalable framework and validated training pathways for continued cyber workforce development.
