

# CPO 83 Neros

## Project Summary

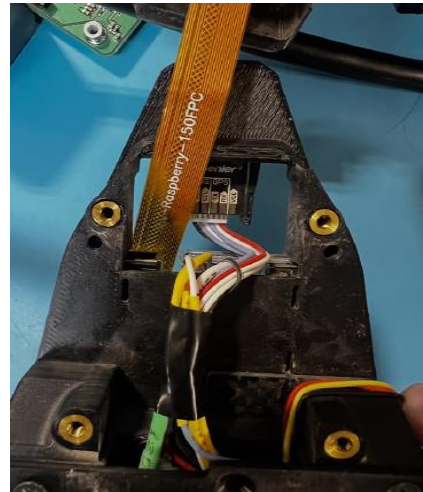

SOFWERX, in collaboration with the United States Special Operations Command (USSOCOM), Program Executive Office-SOF Warrior (PEO-SW), worked with Neros to develop a low-cost First-Person Point of View drone capability for tactical operations in Global Positioning System-denied environments, enabling intelligence collection and soft target strike operations.

## Project Timeline

Notice to Proceed:	30 May 2025
Project Kickoff:	15 June 2025
Project Closeout:	20 January 2026

## Resources Consumed

**Total Cost: \$780,000**

## Project Results

The project successfully developed and demonstrated a low-cost, semi-autonomous First Person Point of View capability that navigated in Global Positioning System-denied environments to identify objects of interest and provide direct strike capability.
